Talk to me about

Autumn Term 3rd October 2025

Our Learning Journey – This week we have been writing about The Runaway Chapatti!

What we wanted to learn	What we did	What I could do at home to help me with my learning
<u>Literacy</u> We wanted to think about the story and the characters.	We have been reading the book called 'The Runaway Chapatti'. It is very similar to 'The Gingerbread Man'. We were able to join in with the story because we remembered the pattern. We made puppets and retold the story. We then changed the story and added our own characters and story ending.	I could try eating a chapatti to see how delicious they are. I could make puppets and do a show for you.
<u>Mathematics</u> We wanted to say which group had fewer or more. We wanted to compare groups.	We talked about which tower of cubes had more or fewer. We looked at the symbols for greater than, equal to and fewer than. We made groups and talked about which was fewer than and which was more than. We talked about how we knew which numbers were bigger or smaller. We used different objects to prove that the number we had thought of was greater than 6.	I could look at two groups and see which has more in. We could build a tower each and talk about which tower has fewer and which number is greater.
