

# Talk to me about

Date: W/C 16.3.26

Year Group: **Reception**

What we wanted to learn	What we did	What I could do at home to help me with my learning
<p><b>Literacy</b> We wanted to practise our phonics.</p> <p>We wanted to write captions and sentences in Drawing Club.</p>	<p>This half term is all about review and consolidate. We have been reading and spelling lots of words and captions containing sounds we have learnt. We learnt the new harder to read and spell words, 'one', 'little' and 'do'.</p> <p>This week we have been reading 'Farmer Duck'. We all enjoyed retelling the story and joining in with repeated phrases. We learnt some new vocabulary and drew the farmer (character) and unlocked a new adventure, drawing a new tractor for the farm. Each drawing needed a secret code to unlock part of an adventure. This was either a word, caption or sentence.</p>	<p>I could practice saying a sentence with the word said in. I could write 'one', 'little' and 'do' really big, really small and using different coloured pens or pencils.</p> <p>I could have a go at the phonics sheet that I am bringing home.</p> <p>I could draw one of the characters from 'Farmer Duck'. I could create my own secret code that will make the bed shake and the farmer fall out of bed! I could talk to you about the vocabulary that we learnt this week - exhausted, stealthy, eject, stunned, cultivate, and lazy. I could retell the story in my own words.</p>
<p><b>Mathematics</b> We wanted to learn about doubles.</p>	<p>We looked at dice patterns and identified equal groups eg 2 and 2. We talked about this special part/part whole which is called a double if the two parts are equal.</p> <p>We identified when we could spot a double and a not double. We made our own doubles using objects and said the stem sentence - eg 4 is made of 2 and 2. 2 and 2 makes 4.</p>	<p>I could watch NumberBlocks Double Trouble <a href="https://www.bbc.co.uk/iplayer/episode/b08q4jqk/numberblocks-series-2-double-trouble">https://www.bbc.co.uk/iplayer/episode/b08q4jqk/numberblocks-series-2-double-trouble</a></p> <p>I could find ten small objects and then choose a number of objects and put them in two equal groups and say the sentence - eg 6 is made of 3 and 3. 3 and 3 makes 6.</p>
<p><b>Science/Geography</b> We wanted to learn about the seasons.</p>	<p>We remembered what we knew about the seasons of Autumn and Winter. We talked about signs of Spring and went on a Spring walk to spot them! We completed a seasons wheel.</p>	<p>I could sing this Seasons Song <a href="https://www.youtube.com/watch?v=ksGiLaIx39c">https://www.youtube.com/watch?v=ksGiLaIx39c</a></p> <p>I could draw a picture of some of the signs of Spring that I know.</p>
