

Year Group: **Year One**

Talk to me about

Summer Term 12th June 2026

What we wanted to learn	What we did	What I could do at home to help me with my learning
<u>Literacy</u> We were learning to proof-read our work to check for meaning.	We learnt to proof-read our writing. We have been drawing 3 pictures this week and writing longer pieces of writing. We have then read it back to make sure it makes sense. We have been checking the punctuation and the spelling of the common words especially if the spelling does not look right. We all completed our phonic screening checks, and our teachers are proud of every single one of us because we have worked so hard.	We could draw 3 pictures and then write some code to go with it. What will happen in your story? Try to use the words: First Then ... Finally ...
<u>Mathematics</u> We were learning to solve mathematical problems.	We have been solving addition and subtraction problems.	We could solve real life problems with you which include addition and subtraction.

Words to practise spelling this week:

want were his went

Word aware words:

You could practise saying this word in a sentence or see if you can spot it in a book.

glimmering emerge

Maths Mental Fluency: Find half of even numbers to 20.

Coming Up!

Please send your child in with a coat just in case it rains. We go out to play even if it is raining.

15th June - School photos.

18th June - Sports Day

26th June - Non-uniform day for Tombola items for the fair.

27th June - School Fayre

The date for our art workshops: 14th July - Blackbirds, 15th July - Nightingales and 16th July - Blackbirds

Have a lovely weekend.

The Year One Team
