

Year Group: **Year One**

Talk to me about

Summer Term 26th June 2026

What we wanted to learn	What we did	What I could do at home to help me with my learning
<u>Literacy</u> We were learning to predict.	We have been reading the book called 'Dogger'. We read it in parts and tried to predict what we thought might happen in the rest of the story. We used the pictures and the words to help us to empathise with the characters and to predict what they might do next.	We could write a story and read it to you. You will be so impressed with the writing we are doing!
<u>Mathematics</u> We were learning the days of the week. We are learning about position and direction.	We learned to say the days of the week in order. We are then learning to write them, making sure we added a capital letter. We have been learning about quarter turns in preparation for telling the time next week. We know the words one quarter, two quarters or a half, three quarters and four quarters. We have been directing our friends using these turns and left and right.	We could say the days of the week and show you our days of the week song. We could say left and right when we put our shoes on. We could give our toys directions so they can reach the treasure we have hidden.

Words to practise spelling this week:

because little sugar

Word aware words:

You could practise saying this word in a sentence or see if you can spot it in a book.

past beautiful

Maths Mental Fluency: Find double of all numbers to 10.

Coming Up!

Please make sure your child has sun cream and a sun hat. They may also need a coat so please make sure you check they have everything they need before they come into school.

Please make sure you are playing Numbots at home. There is a leaderboard for each class and Year 1 want to make sure we are learning loads of facts.

27th June - School Fayre

Save the date for our art workshops: 14th July - Blackbirds, 15th July - Nightingales and 16th - Blackbirds

Have a lovely weekend.

The Year One Team
