Year Group: **Year Two**

Date: 26th June 2026

Our Learning Journey - Living In England

What we wanted to learn:	What we did:	What could I do at home to help me with my learning?
<u>Literacy</u> To write a collaborative acrostic poem. To write a comic strip	We wrote an acrostic poem together and performed it for our leavers performance about the memories we have shared in Y2. We continued with Father Christmas on Holiday and wrote our own comic strips about where his next adventure could be.	Can you write your acrostic poem about your class or the summer? See take home task.  e.g
<u>Mathematics</u> I know that doubling is using the 2 x tables I can double 2 digit numbers I can halve numbers. I understand the relationship between doubling and halving.	We explored the concepts of doubling linked to the 2 times tables. We took part in practical activities linked to money. We also looked at how halving is the opposite of doubling and used this knowledge to halve two digit numbers.	I could use objects at home to make double or half the amount groups. I could draw them or take a photo. I could use the stem sentence to describe them. I could write the number sentences and expressions they make. e.g $2 \times 4 = 4+4= 8$

Words for this week: our, our, bath, plant, path

SPAG: we have been focusing on quality sentences and making sure that our handwriting letters have clear ascenders (k, l, h) and descenders (g, p, y)

Maths Mental Fluency: Please revise the 2, 5 and 10 times table and related number facts.
